

The Perfect Tool to Drive Retention, Succession Planning & Career Pathing

Proactively Match People with the Right Jobs and Opportunities

Whether it's an internal transfer, a new project assignment, or part of long-term or emergency succession planning, a shortlist of potential candidates is never more than a few clicks away. Our Internal Mobility feature allows organizations to easily find the best match for any opportunity

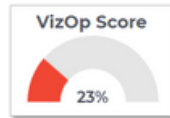

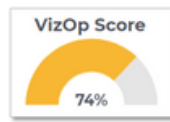

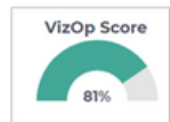

Visual Workforce Internal Mobility is a new way of looking at skills data. It provides an easy way to see how individual employees compare to the skill and proficiency requirements of different job roles and assignments within the organization. With Internal Mobility, you can:

- See how an individual's skills stack up against a variety of opportunities
- Shortlist potential backfills for a key opening
- Improve retention by giving employees a career path to their next role
- Provide direct links to your LMS to help employees close skills gaps
- And much more!
